Atlantean NUMEROLOGY COSMIC BLUEPRINT

Numbers as the Eternal Pulse of the Cluster

Unlocking the Soul's Hidden Code, Galactic Memory & Divine Return Frequency

The Universe Doesn't Count — It Remembers.

You Are the Living Equation. Decode Yourself.

ONE

• SOURCE •

"I"

THREE

Chaos

The primal void, raw potential, dissolution of form — the eternal fire that births all possibility. Father, King Thoth, Past

---

Order

Structure, blueprint, sacred geometry — the crystal lattice that gives shape to the infinite.

Child, Princess Seshat. Present

Balance

The divine midline, harmonic union — where chaos dances with order, birthing the living soul. Queen Maat, Future

You are the equation — Source ⟶ I ⟶ Trinity.

7: THE SEVEN PRINCIPLES

7 Days a Week • 7 Primary Colors (Rainbow Don't Lie) • 7 Primary Senses

Why they hide Intuition & Thought — the real keys to unlock the frequency.

Day	Element / Archetype Lord (Title)	Principle	Sense (Practice)
Sunday ☀️ 🧠	Sun (Light) NE – Lord of Death — NINE (Father; vast of countenance, forming from the formless)	Mentalism	Thought — mental clearing, new patterns “All things in all universes move according to law. The law that regulates the stars above also rules the worlds of man.” (Tablet I)
Monday 💧 ↔	Water / Undine West – Lord of Magic — FIVE (master; key to the Word)	Correspondence	Intuition — dream-language, inner signs “As above so below, know ye this law and ye shall find the road to the mystery.” (Tablet II)
Tuesday 🔥 ♂	Dragon / Aether East – Lord of Energy — EIGHT (orders the progress; weighs & balances the journey of men)	Gender	Sight — clarity, embodied polarity, action “In all things there is a dual force; in all men there are two beings.” (Tablet XI)
Wednesday 🌬️ ♋	Gnome / Earth Center – Lord of Light — SIX (keeper of the hidden pathway of souls)	Polarity	Taste — discrimination, testing reflections “Light is darkness and darkness is light; they are the same, yet different by name.” (Tablet IX)

Day	Element / Archetype Lord (Title)	Principle	Sense (Practice)
Thursday 🌍 🔁	Sylph / Air West – Lord of Life — FOUR (looses the power; freer of souls)	Cause & Effect	Smell — grounding consequence, seeded action “Free is he who rules himself. Bound by the laws of cause and effect, no soul escapes.” (Tablet VII)
Friday 🐉 🎶	Salamander / Fire South – Lord of Expression — SEVEN (Lord of the vastness; master of Space and key of the Times)	Rhythm	Feel — pulse, timing, creative resonance “All things flow out and in; all things move in accordance with the law of the All.” (Tablet VIII)
Saturday 🌙 ⚖️	Moon SW – Lord of Life — THREE (holds the key of all hidden magic; binds/unbinds soul-force)	Vibration	Hear — rest, repair “Know ye, that all things in motion are in vibration.” (Tablet XIII)

23 Chromosomes • Equal in Satya Yuga Cycle • Perspective Parva Unlocked

Chromosome 1

Largest autosome (~249 million base pairs, ~2,000–2,100 genes). Cell cycle regulation, brain function, immune response. TP53 tumor suppressor. Alzheimer's risk, glaucoma, cancers.

Undine – Water Essence

_____

_____

Chromosome 2

(~243 million bp, ~1,300 genes). DNA repair, development, metabolism. BRCA2 breast/ovarian cancer. Autism links, Waardenburg syndrome.

Salamander – Fire Essence

_____

_____

Chromosome 3

(~198 million bp, ~1,000 genes). Vision, growth factors, cancer suppression. MLH1 DNA repair. Von Hippel-Lindau, cataracts.

Sylphs – Air Essence

_____

_____

Chromosome 4

(~191 million bp, ~750 genes). Huntington's gene (HTT), muscle/neurological function. Huntington's disease core.

Dragon – Aether Essence

Chromosome 5

(~181 million bp, ~900 genes). Immune system, growth. APC tumor suppressor. Cri-du-chat syndrome (deletion).

Gnome – Earth Essence

Chromosome 6

(~171 million bp, ~1,000 genes). MHC immune region, major histocompatibility. Psoriasis, rheumatoid arthritis risk.

Adi Parva – Ancestry of Kuru Race

Chromosome 7

(~159 million bp, ~900 genes). Cystic fibrosis gene (CFTR), development. Cystic fibrosis core.

Sabha Parva – Assembly Hall, Rajasuya, Dice Game, Exile

Chromosome 8

(~146 million bp, ~700 genes). MYC oncogene, cell growth. Burkitt lymphoma links.

Vana Parva – Forest Exile, Adventures, Teachings

Chromosome 9

(~141 million bp, ~800 genes). ABO blood group, cell signaling. Certain leukemias.

Virata Parva – Year in Disguise, Cattle Raid

Chromosome 10

(~134 million bp, ~700 genes). PTEN tumor suppressor, brain development. Cowden syndrome.

Udyoga Parva – War Preparations, Peace Talks

Chromosome 11

(~135 million bp, ~1,300 genes). Insulin, hemoglobin (HBB), cancer genes. Sickle cell, Beckwith-Wiedemann.

Bhishma Parva – War Begins, Bhagavad Gita

Chromosome 12

(~133 million bp, ~1,000 genes). Phenylalanine hydroxylase (PKU). Phenylketonuria.

Drona Parva – Drona's Command, Abhimanyu Death

Chromosome 13

(~115 million bp, ~300–400 genes). RB1 retinoblastoma. Retinoblastoma, Patau syndrome (trisomy).

Karna Parva – Karna's Command, His Death

Chromosome 14

(~107 million bp, ~800 genes). Immunoglobulin heavy chain. Certain lymphomas.

Shalya Parva – Shalya's Command, Duryodhana Death

Chromosome 15

(~102 million bp, ~600 genes). Prader-Willi/Angelman genes. Prader-Willi, Angelman syndromes.

Sauptika Parva – Night Massacre

Chromosome 16

(~90 million bp, ~850 genes). Developmental genes. Alpha-thalassemia.

Stri Parva – Lamentations, Mourning

Chromosome 17

(~83 million bp, ~1,200 genes). BRCA1 breast cancer, NF1 neurofibromatosis. Neurofibromatosis type 1.

Shanti Parva – Peace Teachings

Chromosome 18

(~78 million bp, ~300 genes). Growth/development. Edwards syndrome (trisomy).

Anushasana Parva – Bhishma Instructions

Chromosome 19

(~59 million bp, ~1,500 genes). Highest gene density; blood groups, insulin receptor. Certain cancers.

Ashvamedhika Parva – Horse Sacrifice, Arjuna Travels

Chromosome 20

(~63 million bp, ~500–600 genes). ADA immune. Adenosine deaminase deficiency.

Ashramavasika Parva – Retirement, Elder Deaths

Chromosome 21

(~48 million bp, ~200–300 genes). APP Alzheimer's. Down syndrome (trisomy 21).

Mausala Parva – Yadava Destruction, Krishna Departure

Chromosome 22

(~51 million bp, ~500 genes). BCR-ABL leukemia fusion. DiGeorge syndrome, chronic myeloid leukemia.

Mahaprasthanika Parva – Final Journey & Ascent

Sex Chromosomes (X & Y)

X (~155 million bp, ~800–900 genes); Y (~59 million bp, ~70 genes). Sex determination; X housekeeping genes, Y SRY. X-linked disorders (hemophilia, color blindness); Klinefelter (XXY), Turner (XO).

25: 5^2 — THE ELEMENTAL BEINGS & THEIR INFLUENCE

Five Elemental Forces • Each with Five Faces — 25 Guardians Total

They Shape the World: Ground Beneath You • Air You Breathe • Fire in Your Blood • Water in Your Veins • Ether That Binds All

Gnome (Earth)

Body — Material form, coagulation of matter

Coagulation — Solidifying, anchoring stability

Endurance — Permanence, unyielding grounding

Growth — Manifestation through physical form

Crystallization — Perfection of structure & form

They anchor the physical realm — hidden strength, wealth, stability beneath the surface. The silent builders of reality.

_____

_____

_____

_____

Undine (Water)

Mercury — Fluid, volatile principle of flow

Dissolution — Breaking down old forms

Reflection — Intuition, mirroring truth

Cohesion — Emotional binding, deep connection

Purification — Cleansing through fluid movement

They govern emotion, healing, flow — the tides of life that pull you deep or wash illusions away.

_____

_____

_____

_____

Sylph (Air)

AEther — Quintessence, the fifth essence beyond

Circulation — Breath cycles, movement of prana

Inspiration — Mental clarity, divine ideas

Levity — Lightness, rising above density

Separation — Discernment, subtle from gross

They carry thought, inspiration, breath — the unseen current behind every idea and shift in reality.

_____

_____

_____

_____

Salamander (Fire)

Salt — Fixation, the body/principle of form

Ignition — Spark of life, divine will

Calcination — Burning away impurities

Vitality — Life force, courage, passion

Combustion — Total transmutation & rebirth

They ignite will, transformation, destruction & renewal — the sacred fire that burns to create anew.

Dragon (AEther / Space / Space Between Atoms)

Sulfur — Active, combustible soul principle

Volatility — Quick change, ascension of spirit

Heat — Vital force, cosmic passion

Transformation — Death/rebirth eternal cycle

Fermentation — Putrefaction leading to purification

The Dragon weaves the four into One — the overseer, the bridge, the eternal spiral of becoming. Primal force that binds, destroys, and recreates all.

39: LABORS OF UNCONDITIONAL LOVE

Every Act of Creation is Devotion — 39 Sacred Labors of the Heart

Tending earth, nurturing family, uplifting community, weaving light into the world.

These are not chores — they are prayers in motion, love made visible through hands and will.

Sowing

– Planting seeds. Love to the earth: you feed her, coax life from dirt.

Plowing

– Turning soil. Love to the earth: you prepare her bed, make room for roots.

Reaping

– Cutting grain. Love to family: you harvest what feeds your kids.

Gathering

– Bundling sheaves. Love to people: you collect for the table, share with neighbors.

Threshing

– Beating grain free. Love to family: you break the hard shell so they eat soft bread.

Winnowing

– Tossing chaff. Love to the earth: you return waste, let wind clean what stays.

Selecting

– Picking out stones. Love to people: you sift the good from junk so everyone eats clean.

Grinding

– Crushing kernels. Love to family: you turn raw into flour—warm meals, warm hands.

Sifting

– Shaking flour. Love to people: you refine, make sure no one chokes on grit.

Kneading

– Working dough. Love to family: your fingers shape bread—comfort, togetherness.

Baking

– Firing the oven. Love to everyone: you bake warmth, fill houses with smell of home.

Shearing

– Cutting wool. Love to animals: you groom them gently, keep them safe.

Bleaching

– Whitening cloth. Love to people: you make clean sheets for rest.

Carding

– Combing fibers. Love to earth: you honor the plant, spin it into softness.

Dyeing

– Coloring yarn. Love to beauty: you paint the world, make it joyful.

Spinning

– Twisting thread. Love to family: you weave connection—literal and real.

Warping

– Setting the loom. Love to craft: you lay foundations for warmth, for stories.

Weaving

– Making cloth. Love to people: blankets for cold nights, robes for dignity.

Unraveling

– Fixing mistakes. Love to patience: you mend, forgive, start again.

Tying

– Knotting. Love to security: you bind what matters—family, promises.

Untying

– Loosening. Love to freedom: you let go when it's time, no chains.

43: FACIAL MUSCLES – THE ALL & THE 42 JUDGES OF MAAT

Justice Lies in the Face — 43 Divine Connections

The forehead opens the gateway to divine truth; the rest of the face expresses the 42 judgments of Maat.

43 sacred portals in the muscles of expression — where The ALL speaks, weighs hearts, and reflects your soul's truth.

THE ALL (Source) → Frontalis (raises brows = openness to divine truth)

The unified divine origin, the initiating force of truth and perception

Am-Khaibit → Corrugator supercilia (frowns = confronting shadows)

Am-Khaibit (Devourer) → Procerus (nose bridge wrinkle = devouring doubt)

Am-Mit → Depressor supercilia (pulls brow down = devouring the dead)

An-a-f → Orbicularis oculi (upper fibers) (closes eyes = bringing arm of judgment)

An-hetep-f → Orbicularis oculi (lower fibers) (squints = coming forth by day)

Apep → Nasalis (flares nostrils = serpent chaos)

Ari-em-ab-f → Depressor septi nasi (pulls nose down = making evil)

Au-enti → Dilator naris (widens nostrils = two eyes watching)

Baba → Zygomaticus major (pulls corners up = devouring souls)

Bai → Zygomaticus minor (subtle lip lift = soul expression)

Bekhau → Risorius (side grin = flaming one)

Djeser-ur → Orbicularis oris (purses lips = great one)

Fenti → Levator labii superioris (lifts upper lip = nose judge)

Haa-hetep → Levator labii superioris alaeque nasi (lip + nostril = bringing peace)

Hapi → Buccinator (cheek compressor = Nile flow)

Her-f-ha-f → Depressor anguli oris (pulls corners down = face behind him)

Her-khau → Depressor labii inferioris (pulls lower lip down = speaks)

Hetch-het → Mentalis (pouts chin = white one)

Khemi → Levator anguli oris (lifts corner = devourer)

Khenti-Amentiu → Masseter (clenches jaw = westerner)

Khenti-Khas → Temporalis (side jaw = southerner)

Khepri → Platysma (neck-to-mouth = rebirth)

Maati → Digastric (lowers jaw = truth)

Maa-antef → Mylohyoid (elevates hyoid = sees deeds)

Maa-kheru → Geniohyoid (pulls hyoid = speaks truth)

Nefer-Tem → Auricularis anterior (ear forward = lotus)

Neha-her → Auricularis superior (ear up = fierce face)

Nemu → Auricularis posterior (ear back = wanderer)

Qerti → Occipitalis (scalp back = two caverns)

Rekh-ab → Sternocleidomastoid (head tilt = knower of hearts)

Rekh-khenti → Trapezius (upper) (knower of past)

Sekhmet → Omohyoid (neck tension = lioness)

Serekh → Stylohyoid (hyoid lift = falcon)

Set → Incisivus labii superioris (tightens upper lip = chaos)

Shai → Incisivus labii inferioris (tightens lower lip = fate)

Shemti → Transversus menti (chin cross = serpent)

Tua → Compressor nasi (flattens nose = two lands)

Uai → Levator labii superioris (main lift = one)

_____

_____

Uatch-ner → Nasalis (compresses = green one)

_____

_____

Unem-snef → Depressor labii inferioris (pulls down = blood eater)

_____

_____

Unem-besek → Buccinator (cheeks = entrails eater)

_____

🔥 Feel 2 – Rhythm: Will & Temperature Perception

🔥 Flame Gauge – Can tell when someone's energy is angry, excited, or burning strong.

🌡️ Heat Oracle – Feels warmth or coolness that comes from more than just air.

👹 Pulse Harmonizer – Balances their inner rhythm with the rhythm around them.

🛡️ Will Reader – Senses how strong someone's determination is.

⚡ Spark Child – Lights up quickly when inspiration comes.

🌋 Pain Translator – Turns the heat of pain into lessons about love and care.

🔦 Light Sensor – Sees the glow of truth in someone's energy field.

The rhythm of love is felt. Touch senses the waves and pulses — the eternal heartbeat of Source in material form.

🌊 Intuition 3 – Correspondence: Emotion & Intuition Perception

💧 Tear Alchemist – Knows that tears can carry memories and healing.

🤲 Empathic Vessel – Feels what others feel, like sharing the same cup of water.

🌊 Memory Streamer – Experiences feelings that bring back old memories.

🐚 Intuition Diver – Dives deep inside to find hidden wisdom.

🕵️ Motive Smeller – Detects if feelings are honest or if something's being hidden.

🌙 Heart Tide Watcher – Feels emotions rise and fall like ocean waves.

🛌 Dream Listener – Pays attention to the stories that dreams are telling.

The bridge-sense. Intuition perceives patterns between realms, linking inner truth to outer form across all dimensions.

👅 Taste 4 – Polarity: Body & Matter Perception

🦴 Bone Echoer – Feels the strength and stories carried in the bones.

⚖️ Weight Keeper – Knows when something feels heavy or light, not just in hands but in spirit.

✋ Texture Interpreter – Learns meaning through how things feel to the touch.

🪨 Pulse of Place – Can sense the heartbeat of a special land or home.

🌰 Density Reader – Tells when a space feels thick or light with energy.

🧱 Shape Whisperer – Understands that shapes carry messages, like circles for wholeness.

🍯 Taste Oracle – Notices that flavors can carry hidden knowledge and comfort.

Taste discerns between extremes — sweet/bitter, acidic/base — revealing the soul's ability to integrate contrast.

☆ Sight 5 – Gender: Space & Akashic Perception

👁️ Aura Reader – Sees the glow of someone's feelings and spirit.

⏳ Time Veil Watcher – Can feel when time bends or shifts.

🚪 Dimensional Walker – Knows how to step between layers of reality.

🎵 Soul Tone Hearer – Recognizes the special "song" of a soul.

📖 Akashic Listener – Tunes in to the great library of memory in the universe.

🔤 Lightcode Decoder – Reads hidden messages in light and symbols.

👣 Presence Sensor – Knows when someone unseen has entered the room.

Sight perceives balance, form, beauty, and union. Vision sees both essence and expression — masculine intention, feminine reception.

⍰ Smell 6 – Vibration: Spirit & Divine Perception

👼 Angel Tuner – Feels when heavenly guides are near.

🎚️ Frequency Tracker – Adjusts to the "music" of divine harmony.

🌐 Source Resonator – Vibrates in tune with the great One Presence.

🌟 Starlight Smeller – Smells sweetness or sharpness from the stars' messages.

🪞 Grace Mirror – Reflects divine beauty into the world.

🔮 Prophecy Eye – Gets glimpses of the soul's best future path.

🧭 Truth Meter – Can tell when divine words are pure or twisted.

Smell detects the most subtle energetic shifts. Scent travels on vibration — it's the etheric memory encoded in motion.

🧠 Hear 7 – Cause and Effect: Oversense Integration

🕹️ Axis Keeper – Keeps all the senses lined up toward their true purpose.

🌌 Void Listener – Listens to the space between sounds and finds meaning there.

🎼 Harmonic Weaver – Weaves together many senses into harmony.

👃 Essence Smeller – Recognizes a soul's scent or signature.

🪄 Multi-Sense Mirror – Shows how all the senses reflect as one.

🛑 Sacred Filter – Filters out toxic impressions, keeping only what is pure.

🌅 Awakener – Helps hidden senses wake up when the soul is ready.

Hearing receives divine command. Sound is the messenger of karma — every cause echoes back through spiritual hearing.
